

September 2021

Guidelines for Journalists

Representatives of the press and photographers are not allowed not to distract or disturb participants or the audience while reporting/doing photographs. During all events which are part of the 11th World Choir Games Flanders 2021 flash light is not allowed for photographers.

Under no circumstances the jury may be disturbed. For this reason, taking up positions in front of the jury's desk or taking photographs of the jury during a performance are not permitted.

Reporters, camera or microphone operators may only change position during breaks in the choirs' performances.

Entrance to the event venues is only permitted when the choirs on stage changes and will be coordinated by the venue managers. Please follow the venue managers' instructions.

Thank you in advance for our attention and your cooperation.
